[Adobe Air Siten Install Log](#)

The screenshot shows a Windows File Explorer window in the background with the path 'is PC > Data (D:)'. Overlaid on this are two dialog boxes. The top one is the 'Certificate Import Wizard' with the following text: 'Certificate stores are system areas where certificates are kept. Windows can automatically select a certificate store, or you can specify a location for the certificate. [] Automatically select the certificate store based on the type of certificate [x] Place all certificates in the following store. Certificate stores: [] Browse...'. The bottom dialog box is 'Select Certificate Store' with the text: 'Select the certificate store you want to use.' It contains a list box with the following items: Personal, **My Personal Certificates**, Enterprise Trust, Intermediate Certification Authorities, Trusted Publishers, and Intermediate Certificates. There is also a checkbox for 'Show physical stores'.
